1619 Maple Street – Templeton House

The Templeton House is a 2-story Greek Revival Style house built circa 1902. The original owner, John Templeton, put in the first electricity plant and electric trolley in Forest Grove. This Greek Temple Style House features a low pitch hipped roof with a pediment gable in front and features a two-story front porch and balcony supported by three large square pillars. There are two bay windows and a central ridge brick chimney.
