### 2606 17th Avenue – Robb Roberts House

The Robb Roberts House is a Queen Anne Style House that has a cross gable roof, a gabled dormer, and a bay window with a hipped roof. The house features horizontal shiplap siding with plain board trim at the corners. There is a later addition to the rear of the house with a shed dormer on the east side. The front porch has a balcony on top that is supported by four posts topped with scrolled brackets under the eaves. Windows consist of a variety of double hung windows, most of which are four-over-four and some one-over-one.
