ECONOMIC DEVELOPMENT STRATEGIC PLAN

VISION STATEMENT

A strong, sustainable, local economy that fosters opportunity and prosperity for the whole community.

MISSION STATEMENT

We foster a vibrant economic climate that encourages and attracts sustainable and equitable business development through strategically focused policies and programs, collaboration and partnerships.

DEFINITIONS

Short Term – Less than two years.

Long Term – More than two years.

Measurements – Metrics that reflect the success of the Strategic Plan. The metrics will be compiled into a report that is given to the Economic Development Commission and City Council on an annual basis.

Annually – A calendar year unless otherwise specified.

GOAL 1. SUPPORT INDUSTRIAL AND COMMERCIAL BUSINESS GROWTH AND RETENTION

OBJECTIVES

SHORT TERM

- Provide direct assistance and high quality customer service to help new companies navigate the permitting process and access program resources.
- Proactively work to identify a 20-year supply of employment lands and target initiatives to increase market-ready certified sites.
- Evaluate and refine permitting process, where needed, to increase efficiencies and predictability and ensure a user-friendly experience.
- Review Forest Grove's competitive advantages and ensure that these are on the City's website and part of advertising and marketing collateral.
- Maintain and market an inventory of available sites and buildings, socio-economic data, program resources and incentives.
- Complete Oak Street Area Concept Plan.

LONG TERM

- Implement business attraction strategies for both traded sector and larger commercial businesses tailored to their specific needs.
- Respond, in collaboration with partners, to business leads and companies whose targets include Forest Grove.
- Maintain and manage business retention and expansion program.
- Prioritize marketing to targeted traded sector key industry clusters such as Advanced Manufacturing and those identified in the Economic Opportunity Analysis. Maintain an incentive toolkit.

- Convene local industry clusters to build networks, understand needs and address priorities.

MEASUREMENTS

- Total assessed value – industrial.
- Total assessed value – commercial.
- Total square footage –industrial.

ANNUAL FOREST GROVE ECONOMIC INDICATORS

- Population and growth rate.
- Unemployment rate.
- Median household income.
- Average wage.
- Total employment.
- Forest Grove employment sectors.
- Education attainment.
- Poverty rate.

STRENGTHS, WEAKNESSES, OPPORTUNITIES, AND THREATS (SWOT) ANALYSIS

S

- Great Downtown
 - Tourism draw
- Low power/utility rates
- Full Service City – utilities, infrastructure, etc.
- Fiber optics
- Quality of Life
- Pacific University
 - Academic conferences attract attendees from around the world – global exposure; they spend dollars on local eateries, hotels
- Clean, Cheap water
 - Public ownership - “we control our fate”
 - Stable – we have a back-up source
- 3 Tier One large lot industrial sites (Tier One = development-ready)
- Wineries
- Tremendous nearby recreational assets – Fern Hill Reservoir; Hagg lake; trails
- Farmers’ Market Great Events – Concours d’Elegance; Sidewalk Art Festival
- Historic Districts – 3 residential; DT HD in the works
- Hollywood has discovered us – university, other “sets” for films/tv/ads
- Business Friendly City administration
 - Entitlements – parallel path rather than sequential, allows for quicker process timelines
 - Collaborative spirit
 - Supportive, encouraging staff
 - Facilitates engagement with other regulatory entities – e.g. CWS
- Tools
 - Urban Renewal
 - Enterprise Zone
 - E Commerce
 - Business Incentive program
- Urban Renewal Area (formed 2014)
- Jesse Quinn – new mixed use development
- McMenamin’s/Grand Lodge
- Business Diversity
- Local ownership of business
- Agricultural Identity
 - Our roots & heritage – sense of place – character – not a generic suburb
 - Where we come from; who we are
 - Advantage of being on the edge of the Portland region – “I can breathe”; livability
- Agriculture not just about the past – new Ag business is growing; Example: nursery, organics
- History – oldest City in the County
- Strong working relationships with nearby communities, e.g. Cornelius
- Latino business assistance
 - Adelante Mujeres
 - Centro Cultural
- Forest Grove HS – high AP class percentage; lots of extra-curriculars; hosts sporting events-expands exposure.
- City has a good bond rating (but see discussion in weaknesses re: need to diversify the tax base

W

- Distance from highways (26)
 - Long travel times to PDX, DT Portland
- Industrial Areas have challenging access – narrow streets, difficult for trucks to navigate
- Workforce “daily exodus”
 - 83% of working residents commute to jobs in other jurisdictions
 - Higher wages in Hillsboro, Beaverton, Portland – tough for local companies to compete for FG workers
- “End of the line” – no pass-through customers
- Commute patterns bypass commercial areas – lost opportunity to capture customers
- Logjam east of Highway 47; Cornelius has Fred Meyer, Walmart because it is easier to access
- Limited transit options
- Only one grocery store
- Challenge in attracting/retaining skilled workforce – more work, better pay in Hillsboro and points east
 - A person can make more money in construction in Portland than a manufacturing job in FG
- Schools – flat growth projected for the next twenty years
- School funding (however – Forest Grove was the only place in Oregon during the recession to approve a bond)
- Schools are “adequate”; particularly given the funding
- Kids are going to other schools – transferring to other districts (i.e. Gaston) or private
- Some industrial lots are Tier 3 (difficult to develop due to infrastructure capacity, transportation deficiencies)
- Perception of distance from Portland; perception that Forest Grove is “on the coast” or close to it
- Property tax revenue base imbalanced – too much residential (a tax “taker”) and not enough industrial (a tax “giver”)
- Tax base needs to be more diversified – bond counsel tells us our rating would be stronger if the tax base were more diverse
- Rising rents – making housing (workforce in particular) less affordable
- Dearth of hotel rooms – need more hotels, particularly upper end/4 star
- Lack of parking downtown – holding us back
- Lack of a hospital, only urgent care clinic

- Trails in the region (Salmonberry, Council Creek, Yamhalis) – Forest Grove not connected, but could be the hub – attract Eco-tourists, generate more demand for hotels, restaurants
- Metro Open Space bond – could help address prior point
- Wine Country – could Forest Grove get a resort hotel like the Allison in Newberg?
- WCVA – how might we tap into their resources and energy more
- TLT – do a strategic plan to guide our efforts; deploy these dollars strategically/intentionally
- Craft breweries – let's attract one or several – give people a local option rather than have to go to DT Portland, etc.
- Downtown parking study (underway) – opportunity to strengthen business district
- Town Center Plan (underway) – opportunity to guide future UR and other investments in bolstering DT
- Clusters to build on: tech; food including ag tech
 - Opportunity to diversify our economy
- Connections between our businesses and local farmers (e.g. distillery, bakery) for our businesses
- High Tech – opportunity to attract more suppliers to Intel, etc.; spin-offs; Example: MGC
- Ag – same – opportunity to attract more suppliers, spin-offs
- Strengthen ties between schools and businesses tied to vocational training; Schools have a new hire in Food Services
- FG has a disproportionately high percentage of seniors opportunity to expand medical service businesses/cluster
 - Maple Street Clinic is increasing its services; they've had a huge spike in number of customers. The Clinic's residents stay there for two years – many will remain in the community
 - Dialysis unit – High water usage. Our high quality/stable water supply an advantage/op.
- Business Retention focus
- Pacific's new business school – op to integrate with our efforts.
 - Mutually beneficial; our businesses will benefit from Pacific's engagement in business planning, analysis; and the students get real world experience
 - Plus – a pipeline of workers as students get to know our businesses and our community
 - Plus – supplement City Ec Dev staff and Chamber
- Business "exit interviews" – interview people who have gone through entitlement process. Opportunity to expand this. Create stronger feedback loop on "how we're doing"
- Developer roundtable – op for developers, others who go through the process to weigh in on code, policy, permitting, fee issues
- Clean Water Service purchase of TTM office building. Opportunity for R & D Center, accelerator, incubator.
- Build a hospital in Forest Grove. Expand medical services from current status.

- Diminishing supply of industrial land
 - If recent absorption patterns (last 3-4 years) continue, we may not have a 20 year supply of market ready employment land as called for in State land use law
- Metro's restrictions on UGB expansion
 - "Grand Bargain" removed our long term "Urban Reserve" supply of employment land
- Limited resources for business retention/recruitment. Jeff doing a great job but there's only so much band width and funding.
 - The challenge is exacerbated by the increasing complexity of Ec Dev – e.g., E-commerce.
- "Public should do its business; private sector should do its business" – in other words, public sector should "set the table" and then get out of the way
- High senior population – is Forest Grove convenient/accessible for seniors.
- Low unemployment – hard to keep people here – tough for small business.
 - Tough to compete with smaller communities out of the region, where there is a lower minimum wage – i.e. we have higher labor costs than some of our competition.
