BACKGROUND:

The City Code Title VII, Traffic Code, authorizes enforcement of traffic and vehicle regulations within the City. The existing code provisions do not adequately address the ability to enforce and administer the Code in relation to vehicles with expired registration on public property and unpaid parking citations (immobilization). This ordinance is similar to other neighboring cities.

PROPOSAL:

The proposed code amendments were edited and reviewed by the City Attorney and consist of the following:

- Amending §70.02, updating definition of “vehicle” to match the definition contained in ORS.
- Adding §73.003(B), enforcement provisions for vehicles parked on a public street or public property while having no vehicle license registration plates and vehicle registrations that have expired more than 30 days.
- Amending §73.055, enforcement provisions for immobilizing, impounding and releasing vehicles for unpaid parking citations and specifying fees are set by Council resolution.
- Adding new §73.056, tamper with or damaging an immobilization device. The fees are currently set by Council resolution but the code lacked the provisions for assessing fees and the disposition of immobilized or impounded vehicles in a consistent manner.
- Amending §74.04(2), towing without notice. The City Attorney advised that the City cannot tow without notice just because the driver was arrested, there must also be concerns regarding the placement of the vehicle (2005 case). This addresses the City Attorney’s concerns.

- The existing language pertaining to §91.999 (Penalties) was renumbered to coincide with pertinent code provisions within the Code.

FISCAL IMPACT:

None. No new penalties were added.

STAFF RECOMMENDATION:

Adopt the ordinance amending the Forest Grove Code as described above.
